## League Constitution

### TITLE

This combination of clubs shall be called The Berkshire League and shall consist of those amateur clubs determined by the League Committee. Players may not have played at a professional level during the 24 months prior to the start of the current season.

### OBJECTIVES

The objective of the League shall be the promotion, advancement and protection of the interests of cricket. It shall also uphold ECB directives.

### LEAGUE COMMITTEE AND OFFICERS

The league shall be governed and administered by a Committee consisting of the Officers of the League, one representative of the sponsoring body and not more than 10 others who shall be representatives of member clubs. The Officers of the League shall be: Chairman, Secretary, Fixtures Secretary, Results Secretary and Treasurer (no club shall have more than 2 members serving on the Committee). Each member of the Committee shall have one vote and the Chairman shall have a casting vote. No business shall be conducted by the Committee without a quorum of at least 50 per cent members being present.

### FUNCTIONS OF THE LEAGUE COMMITTEE

The League Committee will meet at least three times a year and will be responsible for the administration of the League within the agreed rules, and will have the power to decide on any matter not provided for in the Constitution and Rules. The League Committee will elect an Executive Committee at its first meeting following the Annual General Meeting. The Executive Committee shall consist of the Officers of the League and not more than four members of the League Committee, excepting that the Executive Committee shall have the power to co-opt additional members at their discretion. The Executive Committee shall deal with all urgent matters concerning umpires, grounds and general facilities and shall transact any business delegated to it by the League Committee. No business shall be transacted by the Committee without a quorum of at least 50 per cent of members being present.

### ANNUAL GENERAL MEETING

The AGM will be held on the first Monday of December at a time and place to be decided by the Executive Committee. Notice of the AGM, together with an audited balance sheet and agenda shall be circulated 21 days before the date of the meeting. Proposals other than those related to changes in the League rules, shall be carried by a simple majority of those voting. Rule changes will require a two-thirds majority amongst those clubs voting. Voting shall be by post (or email) only, by a given date, prior to the meeting. If there is a majority of less than two-thirds a discussion and show of hands may be taken at the meeting. Each member club may send representatives to a General Meeting but only one may vote. It shall be the aim of the AGM to elect a President who shall serve ex-officio and whose aim shall be to further the aims of the League and the game of cricket generally.

### EXTRAORDINARY GENERAL MEETING

An Extraordinary General Meeting may be convened at the discretion of the League Committee or on receipt by the League Secretary of a request by the Secretaries of five member clubs. Notice of an Extraordinary General Meeting and its agenda shall be circulated to all member clubs at least 14 days before the date of the meeting. No vote or resolution shall be carried without a two-thirds

majority of those present and eligible to vote. The rules governing voting and attendance at the AGM will apply. No other business except that indicated on the agenda will be dealt with.

### **MEMBERSHIP**

The League will admit to membership any bona fide club whose entry is approved by the League Committee. Applications for membership will be considered if they are accompanied by:

- The names of two sponsoring member clubs together with letter of approval from those clubs.
- An acceptable constitution, this must include provision for any outstanding debts on the winding up of the club.
- A non-returnable application fee of £5.00 per team. Applications should be sent to the League Secretary, to arrive before the 1st July of the year preceding the proposed date of entry, if possible.

### **EXPULSION**

The League Committee has the power to expel any club. The motion for expulsion must be supported by two-thirds of the members present at the meeting.

### **AFFILIATIONS**

All clubs SHALL affiliate to Berkshire Cricket Limited (or their local County Association).

### **RESIGNATIONS**

Teams wishing to resign from the league shall give notice in writing by Registered Post or Recorded Delivery to the League Secretary before 1st July; otherwise they shall be required to fulfill their fixtures and financial obligations for the following year. The financial obligations are deemed to be: Subscription for the following season; cost of balls for that season (if ordered by the club or if the minimum order has been made on their behalf); financial penalties as detailed in the Rules of Play.

### **SUBSCRIPTIONS AND AFFILIATION FEES**

The affiliation fee for each new club shall be £5 per club. The annual subscription shall be £50 per team entered by member clubs. Subscriptions will be payable in advance before 1st December each year. In addition, each Premier Criteria Club shall pay £5 per annum towards the cost of professional ground inspection. Each club concerned will receive a copy of the report.

### **PROTESTS (Excluding Discipline)**

Any club lodging a protest or laying an objection shall deposit the same with the League Secretary, accompanied by a protest fee of £5 within 48 hours of the incident. The business shall be dealt with by the Executive Committee and if considered unjustified the protest fee shall be forfeited. Representatives of the clubs concerned shall not be eligible to sit on the Committee at the time of inquiry.

### **DISCIPLINE AND APPEAL (PERSONAL HEARING) PROCEDURE**

Any club wishing to lodge a disciplinary complaint shall notify the League Secretary by email or telephone within 48 hours of the incident. The complaint will then be dealt with in accordance with the BCL *Disciplinary Complaints and Appeals Procedure* (pages 18-22 of the Handbook).

A player may only play 'under appeal' after written intent of appeal is received by the League Secretary.

## **FINES**

- Where a team cancels 3 or more matches in a season, a Cancellation Bond will be applied. This will be repaid after 2 years if no more than 3 matches are cancelled during that period. Should the cancellation criterion be breached, a team may be expelled from the league.

Subject to the Executive Committee being satisfied as to the responsibility, the following scale of fines will be automatic:

- Any team receiving a mark of less than 2 for tea on three or more occasions in a season will be subject to a fine of £50.
- Failure to fulfill a fixture for reasons other than weather or by order of the Executive Committee - £20 plus reasonable out of pocket expenses of the opposition, which must be claimed in writing within 10 days following the date of the cancelled match. In areas of dispute regarding the sum involved, the League Committee's decision shall be final and binding.
- Failure to be represented at the AGM, any EGM, the annual Captains' meeting or the September Divisional meeting - £50.
- Failure to submit completed match reports or score cards in accordance with Rules of Play - £10 for non-submission or £5 for late submission
- Failure to supply the required information to the relevant Divisional Results Secretary by the stated time on the evening of the match - as detailed on Divisional Results Secretaries page of current handbook.

## **COMMUNICATION**

The formal means of communication between the League and Clubs will be by email and it is the Clubs' responsibility to ensure that they have an agreed email address to which all communications from the League may be addressed. Clubs will respond to emails from the League within the time directed in the email or will be subject to a fine of £10 for the first offence and £20 for subsequent offences in the same season

## **ALTERATIONS TO RULES**

The League Committee or any club may submit proposals for alteration of the rules for the following season. Notice of these shall be given in writing, to the League Committee and their findings thereon sent to all clubs in the League. Such proposals for recommendations shall be included on the agenda of the Annual General Meeting.

## **ACCOUNTS**

A bank account shall be kept in the name of 'The Berkshire Cricket League' at a bank approved by the League Committee into which all monies received on behalf of the League shall be paid by the Treasurer or other officials responsible. Accounts of payment will be certified by the Treasurer and either the Chairman or Secretary. The accounts of the League shall be kept by the Treasurer and audited annually by Auditors appointed at the AGM. The Financial Year for the purpose of the audit shall be 30th September of each year. It is understood that all members of the League Committee will be entitled to be indemnified for all legitimate costs and expenses incurred arising from the performance of their duties.

## **WINDING UP**

In the event of the League being wound up, a final statement of accounts will be prepared and audited. If these accounts reveal a deficiency/surplus, every member club at the date of winding up and every club which ceased to be a member within a year preceding the date of winding up shall contribute/receive equally to clear the deficiency/surplus.

## Rules of Play

### 1. Laws of the Game

The normal laws of cricket will apply with the exceptions listed below

### 2. Duration of Play

Each game will normally be of 90 overs duration

### 3. Umpires/Scorers

Each team in Division 1 and Advanced criteria shall provide a non-playing umpire who shall stand for the duration of the match.

Where one team has not provided an umpire, the remaining umpire can choose whether to stand for the whole match at the bowlers end and the batting side provide the square leg umpire, or they can choose not to do both ends; then the batting sides umpire will take one end.

The offending side will then suffer the following penalties which will be applied at the end of the season:

On the first 3 occasions.....Nil  
4th and 5th occasions.....£5 each  
6th and above.....5 points deducted for each offence

Notes:

Each team will provide a scorer.

Advance Criteria Only - Each team will be awarded two bonus points for each game that they provide a non-playing umpire to stand.

### 4. Times of Play

Each game should start at 1:30pm except on the first two Saturdays of the season and the last two Saturdays of August and any game in September when games should start at 1:00pm. With the prior agreement of both Captains, a match may start earlier than the scheduled time. In this event, all match timings shall be adjusted accordingly. This change MUST be notified to the appropriate Criteria Result Secretary prior to the match taking place. The teams shall 'spin up' at least 15 minutes before the start of the game. Failure by either team to comply with this regulation will result in the forfeiture of the 'toss', leaving the right of choice to the team not offending.

#### 4a Time Restrictions

In all divisions 2 Points shall be removed from a fielding side taking more than 3 hours to bowl the 45 overs, this time to include any drinks breaks.

### 5. Date and venue of games

League matches shall take place on Saturday on the dates and at the venues determined by the League Executive Committee. A 1st XI fixture shall take precedence over a 2nd XI fixture. This principle also applies to clubs with more than two XI's

### 6. Tea Interval

The visitors will pay £35 towards the tea. The time taken for tea shall be 20 minutes. This is to be taken between innings or by prior arrangement between the Captains, given that the team batting second is allowed a minimum of 30 minutes batting before tea is taken. If the first innings is completed in less than 32 overs, tea will be delayed until a total of 42 overs have been bowled. In the event of a rain-affected first innings, these figures will be reduced appropriately.

## 7. Match Ball

Two new balls shall be available in League matches. The captain of the side fielding second may elect to delay taking the second new ball until the beginning of the 16th over at the latest. If this over is commenced with the old ball, the second new ball is forfeited.

The standard of the ball is to be specified by the League Executive Committee. Non-compliance will incur a penalty deduction of the minimum number of points available for a win plus half the bonus points available (current total 25).

Note: The League Committee rules that the home side shall provide both balls for the match.

## 8. Batting First

The team batting first shall have the option of using a maximum of 45 overs. The overs remaining - for whatever reason shall automatically be available for the second innings. If an innings is closed before the end of an over, that over will be deemed to have been completed as far as working out how many overs remain for the use of the opposition.

## 9. Overs - Bowlers

In all Divisions, each bowler is limited to bowling a maximum of 25% of the available overs at the start of the innings. Therefore, in a 45 innings match, one bowler could bowl a maximum of 12 overs and the remainder of the bowlers 11 each. If the bowler breaks down during the course of an over, then the over must be completed by another bowler.

## 10. Penalty runs

Penalty runs for new offences (as detailed in the Laws issued 1/10/2000 and since then) will NOT be applied in League matches.

There will be, however, penalty runs awarded for teams being late to a match as laid out below:

1 run per minute where no play takes place up to 1/2 hour after official start time (max 30 runs).

After the first half hour one run per minute is still awarded but the game is reduced by one over for every three minutes lost with the overs equally split between the two sides.

After the 2nd 1/2 hour the team who has turned up claims the match and is awarded the appropriate points for a cancelled match.

## 11. Points

Points shall be awarded as follows in all Divisions

Win (Batting First) 25 + Bonus Points  
Win (Batting Second, lost toss) 25 + Bonus Points  
Win (Batting second, won toss) 20 + Bonus Points  
Tie 10 + Bonus Points  
Lose 0 + Bonus Points

Wining Draw (Greater runs/over rate)  
15 points minus the losing draw points dependant how close the team batting 2nd gets to the 1st Innings total - See below for point deduction

Bonus Points to be awarded as follows

**Bowling** 1 Point for every 2 Wickets  
**Batting** 1 Point for first 75runs and further 1 point every 25runs (max 5),

Note: Premier Criteria: 1st Point award after 100 runs and further 1 point every 25 runs (max 5)

If batting second and win, having bowled out the opposition, any bowling points not earned by the fielding side (max 10 points per inning)

**Note:** In a drawn match and the scoring rates are identical the points allocations will be 7 each

**Umpiring Bonus Points:** In Advanced criteria, 2 bonus points per team who provide

a non-playing umpire  
**Penalty Points:** 2 penalty points (removed from side's points total for a team not completing their overs in the allotted time.

### **Losing Draw Points Calculation**

(Lesser runs/over rate)

95% of opponents rate 5 points

90% of opponents rate 4 points

85% of opponents rate 3 points

80% of opponents rate 2 points

75% of opponents rate 1 point

Below 75% of opponents rate 0 points

### **12. Cancellations**

Abandoned games - Game void

Cancelled game: Offending side 0 Points                      Opponents 30 Points (or final average if greater)

In addition to the provisions detailed above, teams in the Premiership Division shall have the following penalties applied:

1st Offence .....£20 + 15 point deduction

2nd Offence.....£40 + 15 point deduction

3rd Offence.....£60 + 15 point deduction, etc.

### **13. Registrations**

New registrations are allowable any time during the season. Players are not allowed to play League Matches for more than one club without the prior approval of the League Executive Committee. No transfers will be accepted by the League Executive Committee after two-thirds of the fixtures have been fulfilled. During the last 4 scheduled fixtures, no player who has played for a club's League 1st XI and has not previously that season appeared for the same club's League 2nd XI may play for the said 2nd XI (this principle also applies to downward movement in clubs with more than two XI's) Every player must be a bona fide member of the club concerned.

### **14. Rain**

In the event of rain the object will be to bowl the maximum amount of overs. The following rules shall apply:

- I. If a start is not possible by 4:00pm (3:30pm in the event of a 1pm start) the game shall be abandoned.
- II. If the first innings is interrupted then the match shall be reduced by one over for every 3 minutes lost excluding the first 30 minutes for which no reduction shall be made, subject to the match being at least 50 overs in duration, and always an even number of overs rounded up.

In respect to I. and II. above, where the match is reduced as a result of a delayed start or interruption during the first innings the overs shall be split evenly.

- If more than 2 hours are lost before the first innings is completed the game shall be abandoned.
- If the second innings is interrupted then the side batting second will lose one over for every three minutes except for the first 30 minutes (or in the event that the time was lost during the first innings, the balance of that 30 minutes e.g. 20 minutes lost in the first innings,

balance available in second innings 10 minutes) for which no deductions shall be made, subject to the side batting second having a minimum of 20 overs. The side batting second will only be deemed to have won the game if they score more runs than the side batting first regardless of the difference in overs faced.

- If inclement weather suggests that a fixture is unlikely to allow sufficient play to afford a result, the home captain (or his deputy) is responsible for contacting the away captain (or his deputy) as early as possible stating the reason for the proposed abandonment and including the batsman and position of the individual responsible for the decision.

If either,

- a) The away side cannot be contacted in sufficient numbers/time to prevent travel,

Or

- b) The away side disputes the proposal to abandon the fixture.

Then the home side MUST meet their opponents at the ground and (assuming play is still not possible) wait until either:-

- a) the game must be abandoned (4pm/3:30pm)
- b) Both captains agree earlier that the game be abandoned.

Note: The decision of a council or designated club groundsman cannot be disputed.

### **15. Match Reports and Score Cards**

Results of matches and details of best performances shall be telephoned to the relevant Divisional Results Secretaries, as listed on the DRS page of the current handbook. Failure to do so will incur the penalty as detailed on that page. In all games where ANY play takes place, completed match reports signed by both captains must be sent by the home side to the Criteria League Results Secretary and completed score cards must be sent by both captains to the Criteria League Results Secretary, both items to arrive no later than the first post on Friday following the Saturday fixture. Result Sheets are the responsibility of both sides so an incomplete or incorrect sheet will result in penalties for both sides as follows:

- 1st to 3rd offence, no penalty
- 4th offence and onwards, 5 points

In the event of the match being cancelled due to rain or by order of the Executive Committee, the home side shall notify the relevant Divisional Results Secretary.

### **16. League Positions**

League positions will be on average points (i.e. points gained/fixtures completed). In the event of the average points scored being equal, the position of the clubs concerned shall be determined as follows:

- a) The highest position shall be awarded to the club recording the most wins (including cancelled against fixtures) in the league programme.
- b) If there is still equality then the club with the least number of defeats in the League programme shall be awarded the higher position.
- c) In the event of the clubs still being equal, the highest position shall go to the club which has lost least wickets during the League programme, on percentage of games played.

Promotion shall normally be on a "two-up, two-down" basis. Promotion shall be subject always to the League Committee being satisfied that the club facilities in respect of square, outfield and general facilities meet the stringent criteria required

Note: For promotion to the Premier Division or Division One, it is clearly understood that this would be subject to the very close scrutiny of all club facilities by the League Committee and, that the League Committee's decision is final subject to the provision of rule 12 of the League Constitution.

## 17. Clubs confirmations to the League

All clubs are to provide the following 2 weeks prior to the Captains Meeting:-

- a) Proof of Public and Private Liability Insurance;
- b) Proof of Local Cricket Board membership,
- c) Proof of a CRB policy being in place.

### Other Notes

Guidance on Rule 4a Time Restrictions

- The intention of the rule is to avoid lengthy delays and the completion of the 45 overs in good time.
- The Umpires are entirely responsible for administering and monitoring the time, including starting and stopping the clock where they deem it necessary.
- The Umpires should take into consideration time lost in the innings for injury, searches for lost balls and any other unavoidable delays.
- The allotted time for drinks breaks is 5 minutes maximum and for tea, 20 minutes maximum. (Drinks breaks during the innings shall be completed as a little time as possible to allow play to resume quickly).
- The Umpires are responsible for restarting the game and can restart the clock whether the fielding side is ready or not.
- The Umpires shall note whether a side is on target for completing their overs in the time and warn the fielding side captain in good time (for example at 25 overs) to allow corrective action to be taken by the fielding captain.
- The key to this rule is for the fielding side captain to ensure his side does the following:
  - a) move quickly between overs;
  - b) avoids unnecessary on-field consultations and over-complicated field changes during and between overs; thinks ahead about where fielders move from to avoid long walks from position-to-position; ensure enough searchers if a ball is lost.
  - c) Have spare balls easily accessible
  - d) The Umpires decision is final.**

Committee guidance for the use of artificial wickets

The objective of the League is to play all matches on grass. Only in exceptional circumstances e.g. inclement weather, the use of artificial wicket be allowed. The regular use of artificial wicket will only be allowed with the express written sanction of the League Committee.

Committee guidance regarding promotion

"Two-up, Two-down" will apply assuming no clubs leave the league. "Two-up" promotion will always take precedence.

Committee guidance on the match start time.

Games are scheduled to start at 1:30pm, except the first 2 fixtures in May, the last two fixtures in August and ANY fixtures in September, which will start at 1:00pm. With the prior agreement of both Captains, a match may start earlier than the scheduled time. In this event, all match timings shall be adjusted accordingly. This change **MUST** be notified to the appropriate Criteria Result Secretary prior to the match taking place.

Ensure that BOTH team lists are completed, including FULL first names, even if they did not bat.

Catches and stumpings can only be recorded in the averages if names are accurately noted.

Ensure that both Captains and both Umpires sign the sheet. Please indicate, "NOT PROVIDED" or "REFUSED" if appropriate.

Ensure that all times are accurately recorded for start and end of the match and innings. No dispute about times will be considered by the League unless times are recorded on the Results Sheet and in the Scorebooks of both clubs.

### UMPIRE ASSESSMENT FORMS

In all Premier Criteria Matches teams must complete these forms after each match and return them with Mark Cards and Result Sheets to the appropriate Results Secretary.

## **CHANGE OF VENUE**

If a change of scheduled venue is necessary, the Results Secretary and opposing team should be informed as far in advance as possible. If the new venue is not a current League ground it may be necessary for an inspection to be made by the league Committee before permission is granted. There is a penalty for playing at a ground not approved by the committee in advance.

## **GROUNDS NOT MEETING THE CRITERIA**

If on arrival at a ground, the away team captain considers that the home team's ground is deficient in meeting the criteria for the Division he should inform the home captain of his concerns, but the game should go ahead if at all possible. After the match, the away team captain should submit a report to the League Secretary outlining the reasons why the ground did not meet the criteria. Photographic evidence may be provided if possible. Telephone calls from the ground to Committee members should not be made as the Committee will not be in any position to adjudicate.

## **PLAYER SHORTAGE**

The normal (and maximum) number of players in a side is eleven; the League requires a minimum of seven players to fulfill a fixture. In the case of player shortage for a club with more than one XI the 1st XI fixture shall take precedence (i.e. you may not cancel a 1st XI fixture whilst fulfilling a 2nd XI fixture). Alternatively, with a minimum of fourteen available, both XI's may play 'short' (NB: see note 7 on Last Four Games).

## **TEAM SHEET**

Before the toss Captains shall exchange ECB Cards with the names of their team members, and indicating any players under 20 years. The cards should then be handed to the umpires. Cards should be handed to the umpires prior to the toss taking place.

## **ARTIFICIAL WICKETS**

League Matches should be played on grass. In exceptional circumstances (e.g. inclement weather) and with agreement of BOTH Captains, an artificial wicket may be used. Regular use of an artificial wicket is only permissible with express written sanction of the League Committee.

## **COVERS**

The use of covers is permitted at any time with PRIOR agreement of both Captains.

## **ROLLING THE WICKET**

If facilities exist, the wicket may be rolled between innings at the request of the side batting second for a max of 7 minutes.

## **PENALTY RUNS**

The following penalty runs shall be awarded in Berkshire League Cricket  
The law issued 1/10/2000 (and all subsequent penalty runs changes) referring to penalty runs for "new" offences WILL NOT be applied in Berkshire Cricket League games. Penalty runs for hitting a helmet or taking a catch in an item of clothing will continue to be awarded.

## **PROMOTION**

The League Committee operates a policy of 'two up, two down' promotion in normal circumstances. This may be affected by clubs leaving (or joining) the League and by relative differences between the clubs in promotion positions. Where it does not prove possible to operate 'two up, two down,' promotion will take precedence over relegation.

## **TRANSFERS**

A player wishing to transfer between League clubs after playing for any League club during the current season must first have his “new” club complete a transfer form (which can be found on the League website – [www.berkshirecricketleague.com](http://www.berkshirecricketleague.com)), to be submitted with the transfer fee of £5. He may not play for the new club until a League Committee member has countersigned the form. A club may only object to a transfer if the player concerned has outstanding debts to the club.

## **DISCIPLINARY/CONDUCT**

Arrangements for dealing with disciplinary cases are detailed elsewhere in the Handbook under the headings: *Disciplinary, Complaints and Appeals Procedures* and *Disciplinary Offence Levels and Guidelines on Penalties*.

The responsibilities of Clubs, Captains and Players are found in *The Spirit of Cricket* also published in this Handbook.

Our membership of Berkshire Cricket Ltd and their affiliation to the ECB means that any ban or suspension imposed by the BCL will also apply to all other Leagues in England & Wales

## **YOUNG PLAYERS**

### **RULES GOVERNING YOUNG PLAYERS (2012)**

#### **a) BATTING**

The ECB have set directives, which apply for ALL players under the age of 18, regarding the level of protective equipment a young batsman must wear, especially batting helmets. However, it is important to realise that ALL protective equipment comes under these directives. It would be mad to send a young batsman to the crease with a helmet, but without wearing suitable pads, gloves or a box! The main thrust of the ECB initiative is to educate young players into accepting that a well-fitting helmet with a face guard is a normal piece of batting equipment. There is a good deal of evidence to show that helmets provide very effective protection against serious injuries. The risk is a very real one, we would be foolish to ignore it and we certainly don't do the youngsters any good by making light of this hazard. The risks are as real in practice as in the match environment, so the directives make no differentiation. Should the ECB team sheets be incorrectly or fraudulently completed before handing them to the umpires then it is the Captain who will be legally wholly responsible should any avoidable injury occur.

#### **b) BOWLING**

The restrictions refer specifically to fast bowlers. There is no restriction on slower bowlers. There is a real risk to the well-being of young bowlers whose bodies are not fully developed. Recent studies have shown that over-bowling is likely to cause back injuries in later life. Evidence also suggests that much of the damage occurs early in a player's career, especially during growth spurts, although the effects often do not show until their early twenties. The more skilled and physically developed the young player is, the more at risk they tend to be as they generally put more physical exertion on their bodies. These directives apply on a school-year basis and are calculated on the age of the bowler at midnight on 31st August the previous year.

The ECB definition of a fast bowler is: “a bowler to whom a wicket-keeper in the same age group would in normal circumstances stand back to take the ball.” This means that you should consider an average keeper of the same age group on an average pitch. The fact that an outstanding wicket-keeper might stand up to the stumps on a slow wicket does not mean that the bowler is considered fast. Equally, the fact that a poor keeper might stand back on a poor wicket does not make the bowler a fast one. A good deal of common sense must be used. The fast bowling directives cover

both match play and practice. In the match environment the umpires will monitor the situation and inform the Captain if any breach of these directives is imminent.

However, it still remains the duty of the Captain to ensure that these directives are not breached.

Should he wish to do so, the Captain has every right under the Laws of Cricket to disregard these directives. However, should he do so, he will be held personally and legally responsible for the well-being of the bowler concerned. The umpires shall immediately report the matter to the Berkshire Cricket League Committee, who will take the matter very seriously indeed.

In keeping with the need to take seriously the duty of care to young players, the ECB suggest that bowlers should be informed of the need for adequately cushioned, well-fitting shoes while bowling. The ECB FAST Bowling directives are:

AGE	Overs in spell	Overs in match
Up to 13	5	10
U14, U15	6	12
U16 – U19	7	18

Having completed a spell of bowling the bowler cannot bowl again until the equivalent number of overs as his initial spell, have been completed from the same end. A bowler can change ends without ending his current spell provided that he bowls the next over that he legally can from the other end. If this does not happen then his spell is deemed to be concluded. If an interruption is of 40 minutes or more, whether scheduled or not, the bowler can commence a new spell immediately providing that he does not exceed the maximum number of overs in that day.

#### ***ECB Safety Guidance on the Wearing of Cricket Helmets by Young Players***

In February 2000 the England and Wales Cricket Board (ECB) issued safety guidance on the wearing of helmets by young players up to the age of 18.

In brief, the guidance recommends that:

- helmets with a faceguard or grille should be worn when batting against a hard cricket ball in matches and in practice sessions
- young players should regard a helmet with a faceguard as a normal item of protective equipment when batting, together with pads, gloves and, for boys, an abdominal protector (box)
- young wicket keepers should wear a helmet with a faceguard, or a wicketkeeper face protector when standing up to the stumps. With the assistance of schools, cricket clubs and leagues, the wearing of helmets by young players is now standard practice in cricket throughout England and Wales. Helmets are widely available and are covered by a British Standard (BS7928:1998). A face protector represents an alternative head protection system for young wicket keepers. Face protectors are, at the time of publication of this guidance, a relatively new innovation. Wicketkeeper Face Protectors are covered by a new British Standard (BS 7928 – 2 :2009).

The original guidance allowed parents or guardians to give their written consent to allow a young player not to wear a helmet. However, parental consent not to wear a helmet should not be accepted in any form of cricket.

#### **c) FIELDING**

Fielders are also covered by the ECB directive, which state:

1. No young players in the under 15 age group or younger shall be allowed to field closer than 8 yards (7.30 meters) from the middle stump, except behind the wicket on the off side, until the batsman has played at the ball.
2. For players in the Under 13 age group and below, the distance is 11 yards (10 metres)
3. These minimum distances apply even if they player is wearing a helmet.
4. Should a young player in these age groups come within the restricted distance the umpire must stop the game immediately and instruct the fielder to move back.
5. In addition, any young player in Under 16 to Under 18 ages groups, who has not reached the age of 18, must wear a helmet and, for boys, an abdominal protector (box) when fielding within 6 yards (5.50 meters) of the bat, except behind the wicket on the off side. Players should wear appropriate protective equipment whenever they are fielding in a position where they feel at risk.
6. Specifically, wicket-keepers must wear a helmet when standing up to the stumps or keeping wicket against a hard cricket ball in matches or in practice.

## Spirit of Cricket: Preamble to the Laws

*Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within its Laws but also within the Spirit of the Game. Any action which is seen to abuse this spirit causes injury to the game itself. The major responsibility for ensuring the spirit of fair play rests with the captains.*

### Captains Responsibility

There are two Laws which place responsibility for the team's conduct firmly on the captain.

#### 1. **Responsibility of captains**

The captains are responsible at all times for ensuring that play is conducted within the Spirit of the Game as well as within the Laws.

#### 2. **Player's conduct**

In the event of a player failing to comply with instructions by an umpire, or criticising by word or action the decision of an umpire, or showing dissent, or generally behaving in a manner which might bring the game into disrepute, the umpire concerned shall in the first place report the matter to the other umpire and to the player's captain, and instruct the latter to take action.

### Fair and unfair play

According to the Laws the umpires are the sole judges of fair and unfair play. The umpires may intervene at any time and it is the responsibility of the captain to take action where required.

The umpires are authorised to intervene in cases of:

- Time wasting
- Damaging the pitch
- Dangerous or unfair bowling
- Tampering with the ball
- Any other action that they consider to be unfair

The Spirit of the Game involves RESPECT for:

- Your opponents
- Your own captain
- The roles of the umpires
- The game's traditional values

It is against the Spirit of the Game:

- a) To dispute an umpire's decision by word, action or gesture
- b) To direct abusive language towards an opponent or umpire
- c) To indulge in cheating or any sharp practice, for instance:
  - i. to appeal knowing that the batsman is not out
  - ii. to advance towards an umpire in an aggressive manner when appealing
  - iii. to seek to distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation of one's own side

### Violence

There is no place for any act of violence on the field of play.

### Players

Captains and umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution towards this.

## League Chairman's report

Welcome to the 2012 Berkshire Cricket League season. Thank you for re-electing me as Chairman and, as you will no doubt be aware, I am also continuing in the role of Secretary, so I am looking to Committee Members to carry out their duties conscientiously and the Committee are expecting full co-operation and prompt responses from League Contacts and club committees. Providing this happens, I feel confident that this will be a very good season for the League.

Once again this season we have failed to recruit new clubs, but it is encouraging to see that Waltham St Lawrence are entering a 3<sup>rd</sup> XI. Unfortunately, we are losing Harlington and Grouse & Label both of whom are dropping out of League Cricket. This means we will be operating with five divisions, three with ten clubs and two with nine. A certain amount of re-organisation has taken place in the divisions, but hopefully everyone is happy with the format. I suspect there are a few clubs which are not entirely happy with the fixtures, but the Fixture Secretary has done his best in difficult circumstances. I wish it was possible to alternate home and away fixtures for all teams, but this is increasingly difficult as we now have three teams unable to play home matches in the first half of the season and this has a knock-on effect throughout the League. So if your club has a run of home or away matches please bear with us. Hopefully, the up side of this is that facilities for playing cricket are improving throughout the League.

2011 was a difficult year in terms of discipline and I hope that with new procedures in place 2012 will see cricket, especially in the Premier Division, played in a much better spirit. This will, I'm sure be aided by the introduction of an Umpires' Panel in the Premier Division. The increasing number of club members who are getting qualified as umpires will also help. The BCOA are running very well attended courses in the winter and over the past two years (partly due, I'm sure to League subsidies) attendance from our clubs has been very high. It is our intention to see that the 'Spirit of Cricket' will prevail in all matches and I remind captains of their responsibility in this regard. Most importantly, I encourage you all to enjoy your cricket and to play it within the 'Spirit of Cricket' so that all participants and spectators can go away at the end of each and every game and say, whatever the result, 'I really enjoyed it!'

Sam Peates  
League Chairman

### **Young Player of the Year**

**Taalish Khan** (Woodley) 16 years old

His Season Statistics:

398 runs in 14 games @ 36.18 (one hundred, three fifties)

11 wickets @ 22 apiece

4 catches

He showed a strength of mind to effectively secure almost single-handedly Woodley's two positive results of the season from seemingly hopeless situations, scoring an unbeaten 101 in just 60 balls against Peppard to turn 75-7 into 216-7 in a record league 8th wicket partnership, then turned 101-8 into 198-8 against Stratfield Turgis in just 10 overs (with seven sixes) to win our only game of the season. Add to this fine half-centuries against Grosvenor (where he knocked Safraz out of the attack – not a common occurrence this season) and Sandhurst (who went from everyone round the bat to everyone on the boundary within 15 minutes), and it is easy to see why he has become highly rated amongst opposition teams. On top of this, he started the season opening the bowling, taking 11 top order wickets early season in just 50 overs at an average of 22.

## Crease Markings

## No Ball rules

The umpire will call a no ball if:

- The heel of the bowler's front foot lands on or in front of the popping crease (the front line of the batting crease).

However, the front foot can be raised over the line as long as the heel does not go beyond the popping crease.

- The bowler's back foot is touching or outside the return crease.

## LBW Information

A guide to help the "occasional" umpire

A bowler's "appeal" ask the question - "Is that a LBW?"

The umpire must then decide the following.....

The ball **might** have hit the wicket ..... NOT OUT

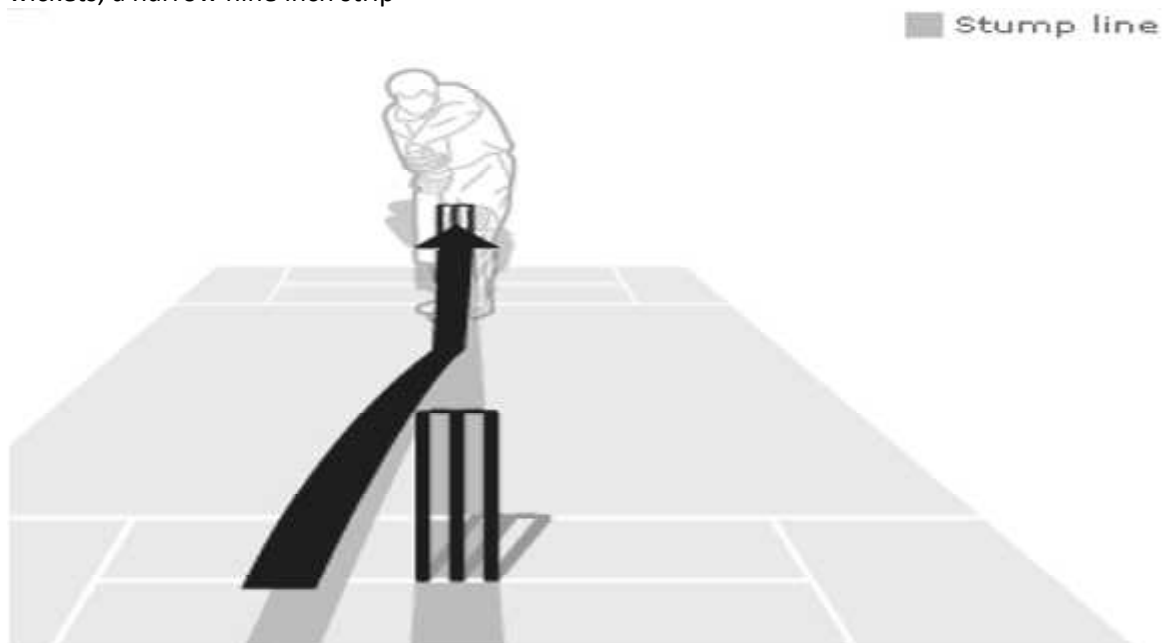

The ball would have missed the wicket ..... NOT OUT

The ball would definitely hit the wicket ..... OUT (subject to the following)

There are a few vital rules affecting the above, they are:

A ball pitching outside the leg stump; cannot be considered in any circumstance, for a LBW decision.  
(Take care over this; most Test series see left handers suffer from errors over this matter)

If a shot is played - the impact must take place within, not outside, an imaginary area, between the wickets, a narrow nine inch strip

If the batsman plays not shot - the impact may also take place outside the off stump

Bowling around the wicket - take care: for example, a left handed bowling inswing around the wicket to a right handed batsman will find it very difficult to pitch on and hit the wicket

If the batsman played well forward, and is hit on the front pad, the ball can have a further NINE feet to travel/deviate before hitting or missing the stumps - Think about it

Take your time - there is no hurry. Know the laws and give knowledgeable considered decisions.

**Remember**      **"That might have hit" - NOT OUT**  
                         **"That would have hit" - MAYBE OUT**

## **Berkshire Senior's Cricket**

Berkshire Seniors currently run three sides, First and Second XIs at Over 50s level and an Over 60s side. All three sides play in competitions with matches held midweek from May through to August. Home games take place on a number of grounds around the county.

The Over 50s First XI competes in the ECB Championship, which comprises regionally based groups followed by a knockout stage. The Over 50s Second XI competes in the Home Counties Championship and the Over 60s play in the Spitfire National Championship, which is based on regional groups followed by a knockout competition. As well as the competitions all three sides partake in friendly matches. There is also a Sunday friendly side which takes on local clubs during late August and September. The county also has players competing in Over 70s matches in conjunction with Hertfordshire.

The age qualification rules are quite rigid but one 49 year old is allowed in the Second XI Championship and one 59 year old is allowed in the Over 60 competition. Obviously, the criteria can be relaxed for the friendly matches, to accommodate potential new players. Indoor net sessions are held during March each year at the Berkshire Indoor Cricket Centre at Wargrave Piggott School and anyone wishing to join Berkshire Seniors is welcome to come along.

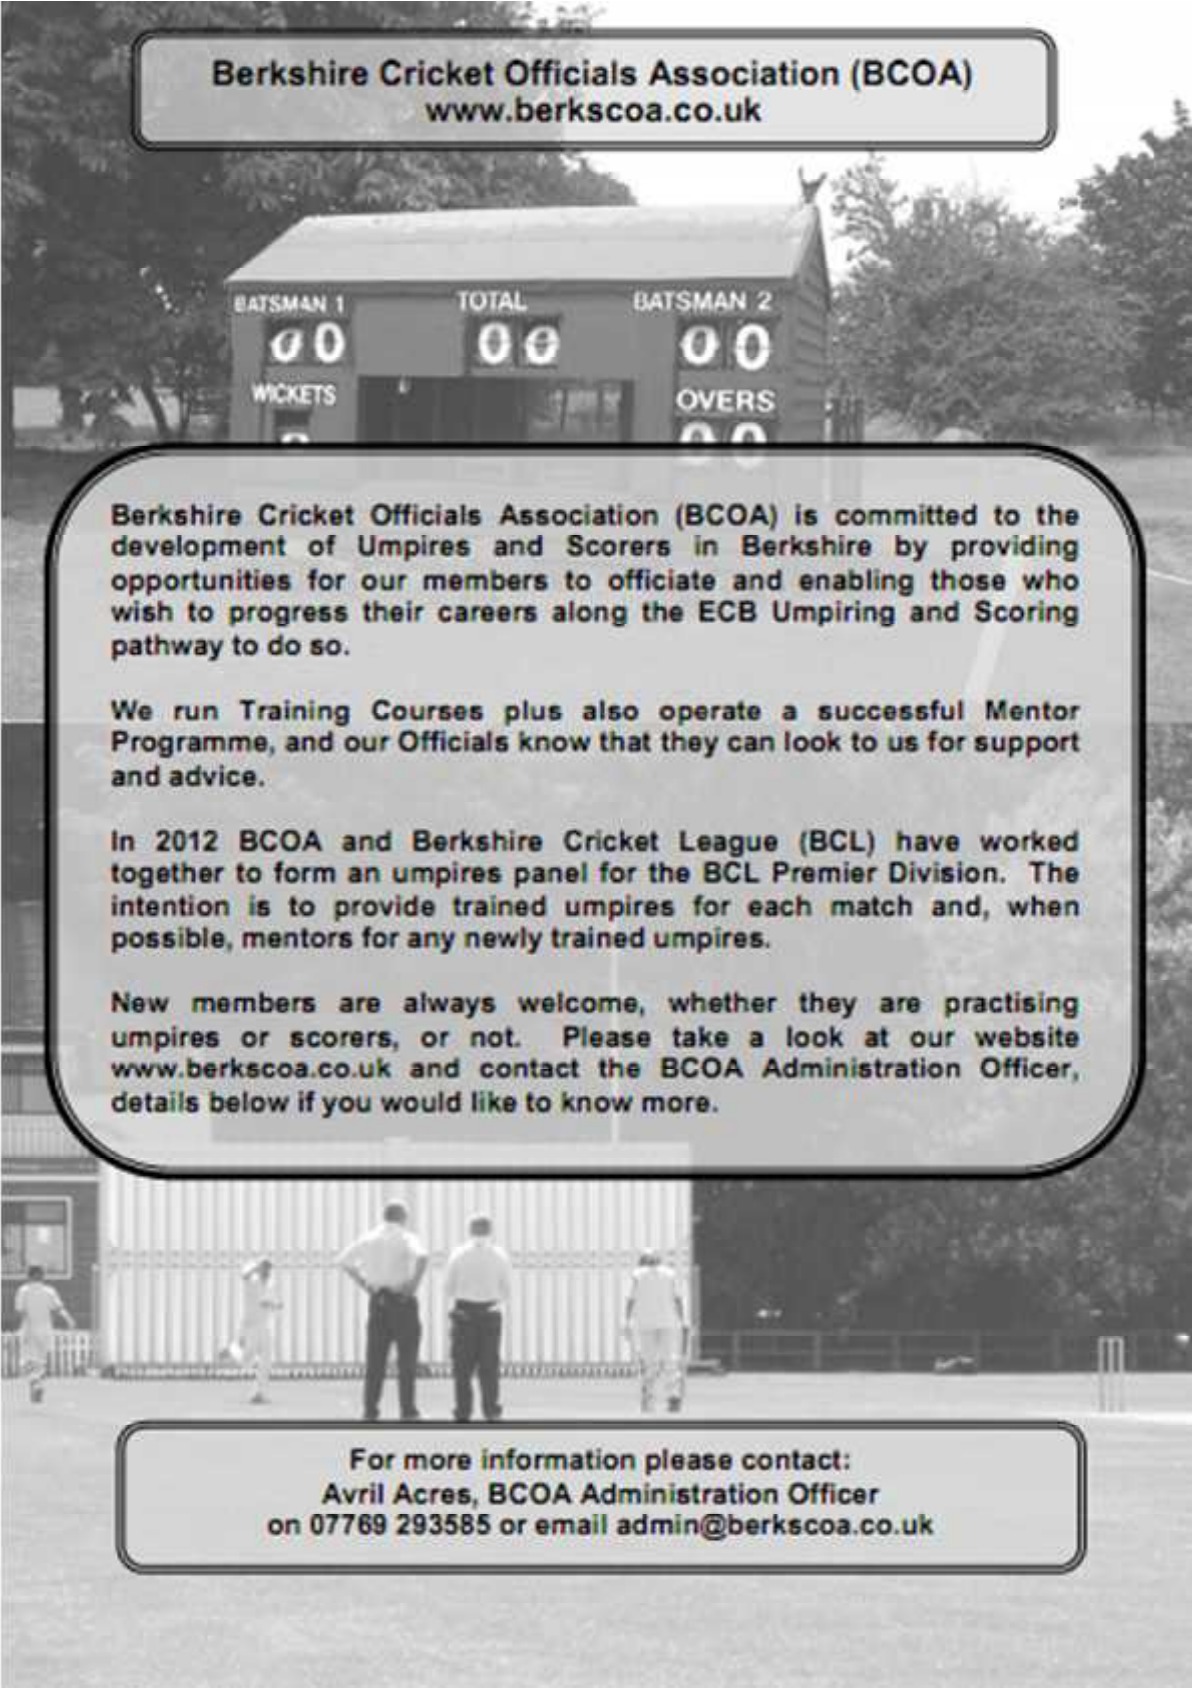

Berkshire have for the past ten years sent a squad to compete in the seniors Cricket Festival in the Caribbean. The festival is run every two years and is open to players who are 45 years and older. In recent years, in conjunction with Hampshire, we also sent a side to compete in an international Over 60s competition in La Manga, Spain.

Anyone interested in playing Seniors cricket for Berkshire please contact the Chairman, David Streak, on 01635 863355 or e-mail [d.streak@btinternet.com](mailto:d.streak@btinternet.com).

## **BCL Umpire of the Year 2011**

### **Sam Peates**

Sam is now very well-known to everyone in Berkshire League cricket since he combines his umpiring duties with the roles of Chairman and Secretary of the Berkshire League. He is a relative newcomer to umpiring having qualified in 2005, and 2011 was only his second season umpiring on a regular basis in the league. He is also Chairman of Woodcote CC, has held that position for many years, and was League Captain for the club from 2000 until 2009. He is a one-club man having played his entire club cricket for Woodcote, making his debut in 1976. In 2011, Sam's long service to Woodcote was recognized when he was won the lifetime achiever category in the Berkshire Cricket Outstanding Services to Cricket Awards. He is an active member of the BCOA (Berkshire Cricket Officials Association) and since becoming BCL Chairman has worked hard to strengthen links between the League and the BCOA. The last two years has seen an increase in the numbers of attendees at umpires' training from BCL clubs and a number of BCOA members standing as neutral umpires in BCL matches. Sam is now looking forward to the challenge of serving as a neutral umpire on the BCL Panel which will operate in the Premier Division in 2012.

**Berkshire Cricket Officials Association (BCOA)**

In 2012 BCOA and Berkshire Cricket League (BCL) have worked together to form an umpires panel for the BCL Premier Division. The intention is to provide trained umpires for each match and, when possible, mentors for any newly trained umpires.

New members are always welcome, whether they are practising umpires or scorers, or not. Please take a look at our website [www.berkscoa.co.uk](http://www.berkscoa.co.uk) and contact the BCOA Administration Officer, details below if you would like to know more.

## BCL Champions Challenge

The BCL Select XI secured victory for a third consecutive year in the Champions Challenge as they defeated reigning Premier Division kings Mortimer West End by 92 runs. The ultimate margin of victory proved harsh on West End, who were in contention for large parts of the game and ultimately lost out on very small margins in either innings.

Having won the toss, Select XI skipper Titch Vickers elected to bat on a fine track with the customary fast MWE outfield. Sulhamstead captain Chris Mercer looked in imperious form in the early stages as he unleashed a brace of exquisite cover drives allied to a fine pull shot. At the other end Vickers was playing in a responsible manner and the Select XI were untroubled during the opening salvo.

The stand was broken when reigning Premier Division Bowler of the Year Nick Bielby's cleverly disguised slower ball enticed Mercer to sky a catch to Andy Johnson at mid-off. Select 33-1. Manish Kapoor entered the fray and appeared in little trouble until being trapped L.B.W. by an inswinging yorker from stand-in captain Nick Kingston.

When Anthony Clapham fell shortly afterwards, clean bowled by Bielby, the Select were rocking at 51-3. But Vickers appeared in fine fettle, flicking a magnificent six over mid-wicket off Bielby before unfurling a sumptuous cover drive off the same bowler shortly after.

The introduction of off spinner Johnson into the attack enacted a dramatic change in fortunes as three quick wickets saw the Select fall from 77-3 to 94-6. Firstly Vickers was well held at short third man by guest MWE player Rich Ashton; then Tim Vines was bowled by a ball which spun sharply and lastly Sandhurst's Australian star Dave Hambrook feathered an edge through to Anzac rival Neil Storkey.

And so the game stood on a knife edge, favouring the possibility of a maiden Champions victory. Alas the strength of the Select XI batting order came in to play as Woodcote run machine James Wheeler teamed up with Stoke Row's Sam Boughton in adding a vital 40 runs for the seventh wicket.

When the Woodcote captain was dismissed, well caught by Kingston at long off to give Johnson his fourth victim, Sulhamstead's Jamie Seward entered the fray. Fresh off a brilliant unbeaten 102 against MWE a few weeks earlier, he hit some powerful blows in a quickfire 17 which pushed the score to 172 before he was clean bowled by the returning Kingston.

Boughton, who had scored a magnificent 116\* in the final game of 2010 against MWE, brought up a fine and ultimately match-winning half-century before he became Johnson's final victim in an excellent five wicket haul for the former Abingdon Vale man. Late blows from Sandhurst's Ash Rahman and Sulhamstead's Matt Gill saw the Select XI close on 208-9 from their 40 overs.

Jamie Stead and Bielby appeared in control at the beginning of West End's reply as the Select's unbeaten batsman attempted to make their mark with the new ball.

Stead in particular appeared in ominous touch, most notably with a beautifully caressed cover drive boundary, before he was trapped L.B.W. by Rahman.

When the Sulhamstead duo of Gill and Seward, who took a fine catch at gully to remove Bielby, combined, MWE had slipped to 26-2. But Jono Bray was joined by 2010 BCL Premier Batsman of the Year, Tom Mackenzie, and the pair fashioned a partnership which enhanced hopes of a maiden win for the champion side.

Alas Mackenzie was trapped L.B.W for the second time in two days by Vines for a quickfire 26 (he had fallen in the same manner against Peppard on Saturday) and MWE stood on 67-3. Bray was joined by the younger of the Mackenzie brethren, Alex, and the twosome continued to attack with great effect, piercing the infield to reach the boundary on both the off and onside alike.

However, having guided the reigning champions to 103-3, the introduction of spinners Hambrook and Seward saw both MWE batsman dismissed in quick order and a quite extraordinary collapse saw seven wickets fall for just 12 runs.

Mackenzie Junior was the first to depart, deceived in the flight by Seward to give Vickers a regulation stumping, before Bray appeared crestfallen having hit a full toss from his fellow Antipodean Hambrook straight to Vines at mid-on.

While Hambrook's arrival with the ball proved game-changing, his fellow off spinner Seward's introduction proved rapidly game-ending. The underbowled Sulhamstead part-timer opened with a wicket maiden, and his second saw him clean bowl Andy Johnson before trapping youngster Callum Ferguson L.B.W three balls later.

Though stand-in captain Kingston smoked a vicious boundary through cover off Hambrook, Seward improved his figures to 4-0 two balls into his third over by dismissing Rich Ashton with a wonder-ball which pitched outside leg before clipping the off bail. Hambrook then gained revenge on Kingston when the MWE start thin-edged an attempted cut through to a gleeful Vickers, and though Storkey and Paul Belcher evaded the feat of the three previous batsman in avoiding a duck, the end was not long in coming. Indeed, as if to summarise a quite bizarre final twenty minutes of the game, it was the bucket hands of Seward that caught Storkey off the bowling of fellow-spinner Hambrook to leave MWE bemused and dismissed for 115.

Thus, ended a riveting game of cricket between two fine sides which ebbed and flowed for the majority of the game. Ultimately the result came down to a fine rearguard action from the Select lower order and an excellent spell of tandem spin bowling from Hambrook and Seward.

Therefore the Select remain unbeaten in three consecutive Champions Challenge games and will aim to make it four on the spin against Grosvenor in 2012.
